

FSRP Internal Priority Ranking Summary

Topic	Rating Criteria			Rating Results		
	Policy Relevance (high impact, forward)	Cost (people, time, data)	SO5 compliance (Y,N)	Quantitative: total stars	Subjective: tick 5 topics you consider top priority for FSRP	
	*** = high ** = moderate * = not pressing	*** < 2 person months ** 2-6 PM * > 6 PM			That can be completed within 6 months	That will require more than 6 months to complete
<b>Assets of vulnerable households</b>						
A1. Trends in asset vulnerability	2.0	1.9		3.9	1	0
A2. AIDS: characteristics of dying	2.0	2.0		4.0	0	0
A3. AIDS: effects of PAM	2.1	1.7		3.9	2	0
A4. AIDS: RENEWAL	1.7	1.7		3.3	0	1
A5. Labor use survey	1.9	1.6		3.4	0	1
<b>Inputs and technology</b>						
I1. AIM	2.9	2.0		4.9	5	0
I2. CF: adoption and disadoption	2.4	2.1		4.6	2	0
I3. CF: ripper economics	1.7	1.9		3.6	0	0
I4. Maize fertilizer profitability	2.4	2.3		4.7	3	1
I5. Fertilizer policy	2.6	2.0		4.6	0	4
<b>Production and Income</b>						
Y1. Aggregate agricultural production	2.4	2.4		4.9	1	0
Y2. Successful farmers	2.0	1.7		3.7	0	0
Y3. Budgeting, returns to agricultural	2.9	2.1		5.0	4	1
Y4. Impact of food aid on domestic	2.6	2.0		4.6	1	4
Y5. Food Security: how to achieve it	2.6	1.6		4.1	1	2
Y6. smallholder grain marketing	2.6	2.0		4.6	3	0
Y7. large farmer grain marketing	2.4	1.9		4.3	1	1
Y8. Cassava and sweet potato	2.4	1.9		4.3	0	5
Y9. Cassava taskforce	2.3	2.0		4.3	1	0
Y10. Horticulture: smallholder	2.6	1.9		4.4	0	0
Y11. Cotton: Southern Africa reforms	1.6	2.4		4.0	0	0
Y12. Cotton: stakeholder dialogue	1.9	2.3		4.1	2	1
Y13. Livestock policy options	2.9	1.7		4.6	1	3
<b>Market mediation</b>						
M1. AMDP	2.4	1.9		4.3	3	0
M2. Regional markets for food staples	2.7	2.0		4.7	1	3
M3. Market price data collection: a)	2.1	1.9		4.0	1	0
M4. Market price analysis: unspecified	2.6	2.0		4.6	0	2
a) impact of export bans						
b) impact of food aid						
c) ?						
M5. Maize value chain (traders, millers,	2.9	2.0		4.9	1	3
M6. Horticulture marketing channels	2.3	2.0		4.3	0	1
<b>Consumption</b>						
C1. Consumer behavior, food	2.0	1.7		3.7	0	2
C2. Horticulture: urban consumption	1.9	1.7		3.6	0	0

Topic	Funding source	Collaborator	Responsibility		Timetable and Outputs															
			primary	support	2005			2006			2007									
					3rd	4th	1st	2nd	3rd	4th	1st	2nd	3rd							
S1. Facilitating the Transition of Small Farmer Agriculture	FSRP/FS III	BZ	JDS,TJ,AM																	
S2. Dynamics of Food Security Vulnerability in the Presence of HIV/AIDS		TJ	JG, AC,MN							WP,PS	A									
S3. Alternative Instruments for Improving Food Security in Zambia	FSRP/FS III	SH/DT	JDS,VAC,MS																	WP,PS
S3a. Typology of vulnerable hh, SAM, alternate income strategies																				
S3b. Trends and shocks																				
S3c. Impact of alternate responses by farmers, traders, consumers and governments																				
-- government policy instruments: public imports, sales, export bans, tariffs, public investments in agriculture																				
-- donor: impact of food aid in various forms																				
-- private sector responses and consequences																				
S3d. Regional dimensions of food security																				
II. SURVEY AND DATA MANAGEMENT																				
D1. survey design																				
D1.a. Urban consumption survey (MATEP) --> C1,C2,M2,M4																				
D1.b. horticultural traders (MATEP) --> M4																				
D1.c. maize traders (MATEP) --> M2																				
D1.d. fertilizer traders (MATEP) --> I2																				
D1.e. cassava markets --> M3																				
D1.f. large farmer maize sales -- M2b																				
D1.3. any others?																				
D2. data collection																				
D3. data cleaning																				
D4. data management (archiving, updating server)
