

ABM/FIM 435

Financial Management in the Agri-Food System

3 Credits

Spring Semester

Recommended Background: (ACC 201 or ACC 230) and (ABM/FIM 100 or ABM 130 or EC 201 or EC 202)

OPEN only to JUNIORS and SENIORS

EXPLORE how businesses and individuals raise, invest, and spend money. Explore concepts and tools necessary to diagnose weaknesses and make the necessary adjustments to improve business performance. Learn investment analysis techniques necessary for long-term financial survival.

LEARN how to:

- Analyze financial statements
- Develop and evaluate investment proposals
- Account for various types of risk
- Use alternative methods to finance investments
- Understand and Interact with Financial Markets

PRACTICE what you learn through assignments which apply financial management concepts to problems relevant to small business and personal financial management.

ENHANCE your career opportunities and personal well-being by obtaining a set of skills that are essential to making both business and personal financial management decisions.
